BUDA PUBLIC  
LIBRARY  
*CONNECT WITH THE WORLD*

## Check Out Magazines

Zinio allows you to download full digital copies of magazines. There's no waiting or reserving issues; just download them when you're ready!

### **Sign up for a Zinio account**

Sign in to the library's catalog with your card number and phone number (or password, if you've set one up).

Select Zinio from the Electronic Resources list.

Once you're on the Zinio page, click "Create New Account" in the top right corner. Enter your card number.

Enter the requested information and click "Create Account". If you had a Zinio account previously, use the same email and password.

Select "Buda Public Library" from the drop down list and press "Continue".

### **Set up the Zinio for Libraries app**

Once you have an account, download the "Zinio for Libraries" app onto your tablet or smartphone.

Click the "Log in" button.

Enter your email and click "Next".

Select "Popular 50 eMagazine Collection - Checkout - Read - Keep".

Enter your password and let it sync.

## Check out Magazines

You can either download the magazines to a tablet or smartphone or read them in your Internet browser.

To check out magazines, either go to Zinio through the library's catalog or go straight to <https://www.rbdigital.com/50emagazine>.

Sign in to your account.

Click on the cover a magazine. Some magazines have back issues to choose from, as well as the current issue.

When the screen is showing the issue you want to check out, press the "Checkout" button.

*Note: next to the "Checkout" button, there is a box that can be checked to receive an email when the next issue is available, so you'll know to come back and check out the new issue.*

If you'd like to read the magazine in the browser, press the "Start Reading" button.

If you'd like to download the magazine to your tablet or smartphone, open the Zinio for Libraries app. After it syncs with Zinio, the cover of your magazine should show up. Click the cloud button to download the issue. Once it is downloaded, you do not have to be connected to the internet to view it.
